About

The Accuratus 5010 is a briefcase sized mini keyboard with an inbuilt trackball. With its trackball and mini key layout it is an ideal keyboard for use in environments where space is an issue, for example retail and POS environments. The 5010 uses the same ultra reliable membrane technology and laser etched keys as found on other Accuratus keyboards, ensuring the characters remain fresh throughout the products life. Small size - More freedom.
