

Universal mEnclosure and Universal Mini mEnclosure Future-Proof Tablet Enclosures

Always leading and always innovating, Star Micronics is excited to offer the Universal mEnclosure and the Universal Mini mEnclosure. These versatile tablet enclosures are designed to accommodate multiple sizes and types of devices, making them ideal solutions for POS and mPOS systems, digital displays, kiosk stands, meeting room time management, check-ins, and more.

With expanding arms, both tablet enclosures can be custom sized to the devices they hold, including Android, iOS, and Windows tablets. The Universal mEnclosure works with virtually any tablet ranging in size from 232mm x 169mm (iPad Air 2 9.7) to 280mm x 214mm (iPad Pro 12.9).

The Universal Mini mEnclosure easily and securely holds devices ranging in size from 136(W) x 121(H) x 8(D) mm to 216(W) x 165(H) x 8(D) mm (iPad Mini, Samsung Galaxy Tab A7 Lite, Samsung Galaxy Tab A 8.4", etc.). Both enclosures are designed to work with all industry stands and mounts using 75mm/100mm VESA mounting, as well as the Star-exclusive line of versatile mUnite tablet stands.

They're future-proof solutions that eliminate the need to purchase a new enclosure every time a new device is acquired.

The two enclosures feature locking arms and a single-key design to ensure the tablet or device is secure and prevents

theft. The tablet can be mounted horizontally or vertically, and when paired with a select mUnite stand, the cashier can easily flip the tablet for customer use.

Available in glossy black or clean white finishes, these enclosures add a professional touch to match existing POS systems. Devices are kept in top condition as a smooth felt layer helps prevent the backs from being scratched.

Key Features:

- Expanding Arms & VESA Mountable: Works with Multiple Sizes of Tablets & Devices
- Mount Horizontally or Vertically
- Locking Arms: Secure Device and Prevent Theft
- Sleek, Minimalist Design
- Future-Proof: A New Device Doesn't Mean You Need to Buy a New Enclosure
- Perfect for any market, including retail, hospitality, online ordering, and more!

Part of Star's Full Line of POS Accessories

Star Micronics is proud to offer a complete range of POS hardware solutions, including a variety of POS accessories like 2D scanners, customer displays, tablet stands and enclosures, and more.
