KRYSTAL

UTK-8300 SERIES

Ultra light and compact
Kiosk system

**Now available with Windows 11
and INTEL 12th Gen processors !**

KRYSTAL is an interactive and multi-function touch-screen kiosk designed and developed to serve different sectors (Retail, Food & Beverage, etc).

Versatile and modular, It is available in 3 different versions (standalone, counter top or wall mounted).

KRYSTAL can be associated with a wide range of options, suiting a number of applications.

Simple and elegant, its slim, vertical design will be a real asset for the digitalisation of sales and service areas.

KRYSTAL integrates the YUNO Kiosk touch technology (21"), an ODP 444 ticket printer (or an EPSON TM-M30 model), a payment terminal and a 2D barcode reader.

This kiosk will meet the needs of various customer journeys, from booking to order taking, including Click & Collect, queue management and appointment taking.
